COOP BILANCIAI: INNOVATION FOR YOUR SUCCESS

THE NEW "C-WRAP LABELLING" FROM COOP BILANCIAI!

This type of labelling meets the needs of the food and other industries, and is particularly appreciated in the following sectors: gastronomy, meat and charcuterie, dairy products, fish, fruit and vegetables and baking.

It is a widespread solution in the following packaging types:
- thermo-welded plastic trays, either thermoformed or preformed, in modified atmosphere (MAP/ATM/ATP) and vacuum packed
- recyclable cellulose trays and boxes.

CHARACTERISTICS OF C-WRAP LABELLING

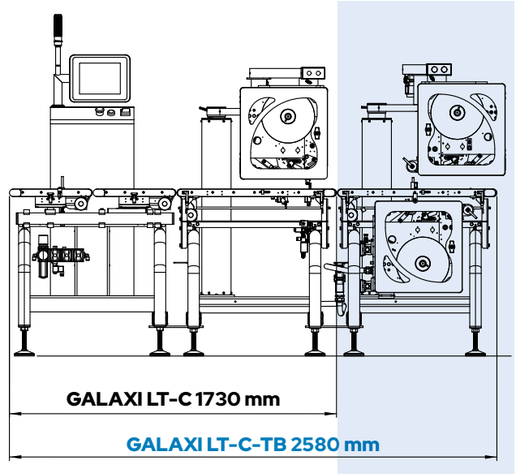

- **PACK CONTENT PROTECTION**
  It acts as a seal for open/close packaging formats.
  It guarantees label authenticity by reducing the possibility of superimposing/replacement.

- **BETTER INFORMATION LEGIBILITY**
  Despite being applicable even on small packs, the larger label size easily meets the latest regulations (e.g. EU 1169/2011) imposing a minimum character size and mandatory information such as allergens, nutritional table and packaging disposal.

- **FUNCTIONAL LAYOUT OF LABEL CONTENTS**
  This type of labelling makes it easier to arrange information on several sides:
  - the barcode on the bottom is easy for automatic check-outs to read
  - more space on the top can accommodate large images and brands, making the pack more recognisable
  - the lot and expiry date on the side can be read when the packs are stacked.

STRENGTHS

- **MOST COMPACT SOLUTION ON THE MARKET** FACILITATING INTEGRATION INTO ALL PRODUCTION LINES
- **AISI304 STAINLESS STEEL STRUCTURE**, EQUIPPED WITH A QUICK RELEASE SYSTEM ON THE CONVEYOR BELTS SO THAT IT CAN BE CLEANED AND SERVICED PROPERLY FOR THE FOOD SECTOR
- **CENTRALISED MANAGEMENT** OF YOUR PRODUCTION LINES, WITH ALL DATA IMMEDIATELY AVAILABLE ON YOUR **ERP**

OPTIONS

The C-WRAP module can be combined with an addition labelling module as summarised in the table:

LABEL APPLICATION COMBINATIONS available on **GALAXI LT / HS**	 C-wrap label	 C-wrap label Dual brand / Non-stop paper change	 Label on top	 Label on bottom	 2 labels on top and bottom
C	●
